RE: Conditional of the BERA Addendum for the Route 561 Dump Site, Gibbsboro, New Jersey

Dear Mr. Stroebel:

The U.S. Environmental Protection Agency (EPA) has received and reviewed the BERA Addendum for the Route 561 Dump Site, Gibbsboro, New Jersey submitted on May 13, 2016. EPA accepts this document on the condition that the comment is addressed. Please make the required change to Table 1 and submit a revised digital version and a replacement page within twenty-one (21) days of receipt of this letter. If the change to Table 1 results a change to the text of the BERA Addendum, replacement pages may be sent in lieu of a complete revised paper copy.

If you have any questions, please contact me at 212-637-4414 or at gelblat.renee@epa.gov.

Sincerely,

A handwritten signature in cursive script, appearing to read "Renee Gelblat", is written over a horizontal line.

Renee Gelblat, Remedial Project Manager
New Jersey Remediation Branch

Comment

1) Table 1, Detailed Toxicity Data for Reproduction Endpoints from EPA's Avian Eco-SSL for Lead: For the ECO-SSL results # 59 and # 60, the ingestion rate should have the same "a" notation as the body weight values, as these come from the study, not the Eco-SSL document. Please make this change.
